

PROFESSIONAL PROFILE

Full-stack software developer proficient in Java, Spring Boot, JavaScript, Node.js, Express, React, SQL, and MongoDB. Experienced in REST API development, backend business logic, database-driven applications, Git workflows, and Agile development. Brings strong leadership, communication, and problem-solving skills developed through years of education and production management.

TECHNICAL TOOLKIT

JavaScript / HTML / CSS	Java / SQL	React
Spring Boot	Node.js / Express	REST APIs
MVC Architecture	OOP	CRUD Operations
Git / GitHub	Agile Development	JUnit / Postman

EDUCATION

Bachelor of Arts — English Creative Writing

University of South Florida

SOFTWARE ENGINEERING EXPERIENCE

Junior Software Developer (Business Simulation)

CodeBoxx Academy | March 2026 – Present

An intensive, AI-supported software engineering program that simulates a professional development environment through Agile workflows, collaborative projects, code reviews, and industry-standard development practices.

- Develop full-stack applications using Java, JavaScript, Spring Boot, Node.js, Express, React, MySQL, and MongoDB.
- Design RESTful APIs and implement scalable backend business logic following MVC architecture.
- Collaborate using Git, GitHub, feature branches, pull requests, and Agile development methodologies.
- Design, test, and debug software using Postman, JUnit, and modern development tools.
- Apply object-oriented programming principles and industry best practices throughout the software development lifecycle.
- Participate in technical presentations, peer code reviews, and collaborative software engineering exercises.

PROFESSIONAL
EXPERIENCE

English Teacher
Blake High School | 2019 – Present

- Manage multiple concurrent projects while consistently meeting strict deadlines.
- Develop analytical thinking and structured problem-solving through curriculum design.
- Communicate complex concepts clearly to diverse audiences.
- Analyze data to guide instructional decisions and improve outcomes.
- Lead collaborative initiatives while mentoring students and supporting colleagues.

Stage Manager / Props Master
Jobsite Theater | 2017 – Present

- Coordinate cross-functional teams, schedules, and logistics in fast-paced production environments.
- Manage budgets, inventory, documentation, and competing project priorities.
- Solve time-sensitive challenges through organization, communication, and strategic problem-solving.

CORE COMPETENCIES

Leadership	Problem Solving	Communication
Critical Thinking	Project Management	Organization
Adaptability	Attention to Detail	Cross-Functional Collaboration

One portfolio. Three presentation styles. Equal access.
