TECHNICAL TOOLKIT

Languages

JavaScript • HTML
CSS • Java • SQL

Frameworks & Runtime

React • Spring Boot
Node.js • Express

Engineering

REST APIs • MVC Architecture
Object-Oriented Programming
CRUD Operations • JSON Processing

Workflow & Quality

Git • GitHub • Agile Development
JUnit • Postman
Test-Driven Development

CORE COMPETENCIES

Leadership
Problem Solving
Communication
Critical Thinking
Project Management
Organization
Adaptability
Attention to Detail
Cross-Functional Collaboration

EDUCATION

Bachelor of Arts

English Creative Writing

University of South Florida

PROFESSIONAL PROFILE

Full-stack software developer proficient in Java, Spring Boot, JavaScript, Node.js, Express, React, SQL, and MongoDB. Experienced in REST API development, backend business logic, database-driven applications, Git workflows, and Agile development. Brings strong leadership, communication, and problem-solving skills developed through years of education and production management.

SOFTWARE ENGINEERING EXPERIENCE

Junior Software Developer (Business Simulation)

CodeBoxx Academy | March 2026 – Present

Intensive, AI-supported software engineering program simulating a professional environment through Agile workflows, collaborative projects, code reviews, and industry-standard practices.

- Develop full-stack applications using Java, JavaScript, Spring Boot, Node.js, Express, React, MySQL, and MongoDB.
- Design RESTful APIs and scalable backend business logic following MVC architecture.
- Collaborate using Git, GitHub, feature branches, pull requests, and Agile methodologies.
- Design, test, and debug with Postman and JUnit while applying object-oriented principles and development best practices.
- Participate in technical presentations, peer code reviews, and collaborative engineering exercises.

PROFESSIONAL EXPERIENCE

English Teacher

Blake High School
2019 – Present

- Manage concurrent projects while consistently meeting strict deadlines.
- Develop analytical thinking and structured problem-solving through curriculum design.
- Communicate complex concepts clearly to diverse audiences.
- Analyze data to guide instructional decisions and improve outcomes.
- Lead collaborative initiatives while mentoring students and supporting colleagues.

Stage Manager / Props Master

Jobsite Theater
2017 – Present

- Coordinate cross-functional teams, schedules, and logistics in fast-paced productions.
- Manage budgets, inventory, documentation, and competing priorities.
- Solve time-sensitive challenges through organization, communication, and strategic problem-solving.
